BED BUG SOLUTIONS WITH A SOCIAL CONSCIENCE

*Let us make
your life better...*

Bed bugs bite. They cause stress and eat up your time. They hurt your social life.

We can help you get your life back.

Call on us to:

- inspect your home to confirm and assess infestation,
- prepare your home before treatment. **Preparing for treatment is as important as treatment itself;**
- arrange for chemical treatment from one of our partners;
- return after treatment to help restore your home to order;
- carry out caulking and repairs to prevent future infestations.

*...and you'll help
make life better for
formerly homeless
men and women*

The hard-working, detail-oriented team from Good Shepherd CARES includes members who are just getting back into the workforce after experiencing homelessness.

When you choose a team from Good Shepherd CARES, you help provide meaningful work, useful experience and new skills for participants.

Good Shepherd CARES is a social enterprise program operated by Good Shepherd Ministries, a registered charity that has been serving the homeless and disadvantaged since 1963.

Deep cleaning with CARES

Good Shepherd CARES gives you:

- quality, detail-oriented service;
- competitive pricing;
- environmentally-friendly cleaning;
- a respectful, understanding approach for home-owners and tenants in difficult situations.

You receive a cleaning assessment and contract custom-made for your specific needs and your budget.

We serve:

- landlords, tenants and home-owners;
- organizations (churches, community centres, schools);
- medium to small offices or retail outlets.

Services that meet your needs

Preparing for Treatment

You can rely on Good Shepherd CARES for discreet, understanding services as you or your tenants prepare for chemical treatment for bed bugs.

We will:

- strip and dismantle beds and turn mattresses and box-springs;
- assist in removing and emptying drawers and shelves;
- clean with high power vacuums to remove bed bugs and eggs;
- steam and kill bed bugs and eggs with dry vapour steamers;
- prepare the perimeter by moving all items away from walls;
- remove faceplates on switches and electrical outlets;
- remove and dispose of infested items and baseboards;
- prevent future infestations by caulking and sealing baseboards and small holes in walls.

We also assist with:

- emptying closets and placing contents in plastic bags;
- laundering clothing, bedding, towels and soft furnishings in high-heat, industrial washers and dryers;
- restoring your home after spraying (moving furniture back in place, replacing drawers, etc.);

We will:

- cover mattresses and box springs with bedbug proof covers;
- replace infested baseboards with new ones.

Preparing for Market Viewing

If you need an apartment or house cleaned before it goes on the market, we offer:

- steaming and vacuuming of all furniture, carpets and floors;
- cleaning of walls and surfaces;
- re-arrangement of furniture;
- packing and disposal of unwanted items;
- small repairs and touch-ups of walls and baseboards.

You may also find these services helpful if your unit, house, office or retail outlet needs a deep clean.

CARES commitment to you

High Quality

Our program participants are trained and supervised. They work safely and effectively.

Competitive Pricing

After visiting your site and discussing your cleaning needs, we negotiate a contract that fits your needs and your budget.
